General Rules for Exhibiting

- a. All entries must be made in the name of the owner or joint owner, actual grower or producer.
 - b. Application for entries in all departments must be made on the fair official entry form. Livestock entry forms are available on the website. Still exhibits entry forms will be filled out when exhibitor brings in the entry. The right is reserved to reject any entry offered.
- c. Every article or animal upon the Fairgrounds will be under the control of the Association.
- d. All exhibits shall be judged in competition to receive state premium money.
- e. No premium will be paid on articles not listed.
 - f. Judges have the right not to award any premium if article or animal is not worthy even if there is no competition.
 - g. The Association reserves the right to withhold the premium in a case in which it shall appear to the Board of Directors that the regulations have not been complied with, or that fraud or deception has been practiced or attempted.
 - h. All protest must be made in writing stating plainly the cause of complaint or appeal and must be delivered to the Superintendent or Fair Manager before the close of the Fair.
 - i. No complaint or appeal based on the statement that the awarding committee has overlooked animals or articles will be considered. All awards will be deemed final unless appealed from under this rule.
 - j. The Fair is not infallible, mistakes will be made, therefore, if you know you drew premiums and do not receive a check, notify the Fair secretary. Information needed when you call – Department-Division- Section and Class number of your entry.
- k. Notice will be posted if premium checks will be available by the last Saturday of the fair.
 - l. In the case, the receipts of the Fair are insufficient to pay the expenses and premiums in full; the premiums will be prorated among those entitled to receive them.

General Rules – Still Exhibits

Still exhibits will be accepted on Friday 2:00 p.m. to 7:00 p.m. and Saturday 9:00 a.m. to 3:00 p.m. before the Fair.

1. All OPEN CLASS STILL exhibitors must register in the GRANGE BUILDING, located across from the Fair Office. All OPEN CLASS LIVESTOCK Exhibitors must register in the LIVESTOCK OFFICE located in the hallway of the Henningsen Show Area, between the arena and Annex Building (32).
2. Still exhibits will be released 10:00 p.m. to 11:00 p.m. on the closing Saturday or Sunday 9:00 a.m. to 12:00 noon. Free admission to the grounds to pick up exhibits will not be given until 10:00 p.m. on Saturday.
3. Premium checks will not be mailed out, please pick them up when you pick up your exhibits.
4. **NO EXHIBITS WILL BE RELEASED EARLY.**
5. All articles not picked up from the fair will be disposed of after October 31.
6. Upon these conditions, only entries will be accepted.

General Rules – Livestock – Drug Testing Procedures

The St. Joseph Co Grange Fair enforces the following drug testing procedures if needed.

Livestock Sample Collection Procedures – Performed by a Veterinarian/authorized representative

Prior to the Fair

1. Request the animal drug testing supplies from the Michigan Department of Agriculture, Laboratory Division, at least thirty days prior to the event. The request must be made by mail or fax (517) 337-5094. For questions or information contact Gina Dewitt, Equine Drug Testing Section at (517) 203-1356 or (517-337-5082

NOTE: *The fair has legal authority to require drug testing under the Animal Industry Act, Act 466 of 1988, as amended, in Section 40(3): “A fair, exhibition, exposition, or show authority may require additional testing or vaccination of animals before entry and during the fair, exhibition, exposition of show.”*

At the Fair

1. Verify the animal you are about to test. Identify any tattoos, ear tags or ear notches that are on the animal. Whenever possible use USDA official identification vs. farm identification. Be sure to include this information on the “Sample Tag”.
2. Present the container for examination to the animal representative/exhibitor, making sure to verify with the animal representative that the security seal has not been previously broken. If the sample container is rejected for any reason, use another container and return the defective one to the laboratory.

NOTE: *The animal representative must remain with the animal at all times during the sample collection process.*

3. Record the seal # in the top right box of the Sample Transmittal Packing List.
4. Open the container by pressing upward on the tab marked open, breaking the seal.
5. Place the container in the catching stick, fold the lid back and anchor it under the metal finger welded onto the handle.
6. If a urine sample cannot be obtained, a Michigan Licensed Veterinarian/Veterinarian Technician may collect five tubes of blood from the animal. Each tube of blood must be identified with one of the six small sticker tags provided on the “Sample Tag”. Place the five labeled blood tubes inside a plastic sample container and seal as described below.
7. After collecting the sample, close the lid and snap it completely shut. Loop the barbed plastic strip on the sample container through the two holes in the container tabs and pull snug. Apply a short piece of evidence tape across the protruding end of the plastic barbed strip and also across the lid and down the sides of the container.
8. Complete the information on a “Sample Tag” substituting the name of the fair for “Track” the name of the animal (Grand Champion Steer, etc.) for “Horse” and the ear tag number or other unique identification number for “Tattoo”. After the animal representative has watched the sample collection and sealing, they must sign under “Witness” on the sample tag. The person collecting the sample must sign under the “Sampled By” on the “Sample Tag”.
9. Place one completed large sticker tag from the top of the “Sample Tag” on the top of the sample container over the evidence tape and the other completed large sticker tag on the side of the container. The remaining portion of the completed “Sample Tag” must be kept and NOT returned to the lab.
10. Lock the sealed and labeled sample container in a metal can.

Note: Once the can is locked, it cannot be opened until it reaches the lab.

11. Samples must be held secure and cold until transferred to the laboratory.
Note: Urine may be frozen; blood must be kept refrigerated and never be frozen.
12. Any discarded needles should be placed in an approved “Sharps” container by the veterinarian/veterinarian technician.
13. When all sample collection has been completed, fill out the “Sample Transmittal Packing List.” The packing list must identify the tag number of all samples included in the case. Enclose the completed “Sample Transmittal Packing List,” any unused supplies and regenerated/refrozen freezer packs in the case and seal it with the provided intact case seal.

After Sample Collection is Completed

1. Transport samples to the lab either in person or by overnight express. Arrange samples to arrive at the lab during normal business hours (7:30 am – 5:00 pm, Monday thru Friday). The lab is located on the campus of Michigan State University at: 1615 S Harrison Rd, East Lansing, MI 48823.
2. Collect and retain signed Animal Certification Forms and the remaining portion of the completed “Sample Tag”.

Note: Both of these documents should be kept in a secure place for cross-reference when sample results are received. In the event of positive result, these documents must be kept as evidence.
